Notifications
ACT is closely working with test site administrators and monitoring guidance from the Centers for Disease Control (CDC), state government and local public health guidelines. We are preparing to support test centers who are cleared to administer the ACT on June 13, 2020.

During the week of May 26, we will notify students and announce all test center closings and cancelations for the June 13 test date. However, as ACT and other agencies navigate ongoing developments, testing at any test center is subject to change at any time between now and June 13, 2020.

60 years of helping you achieve success.
Why is ACT introducing these new options?
Students Come First

choices potential opportunity

experience
What are the new options that are going to be available starting in September 2020?
Three New Options

- Section Retesting
- Superscoring
- Faster Results with Online Testing
ACT Section Retesting
ACT Section Retesting

Students who have taken the complete test once, will be given the choice to **retake individual ACT section tests** at online equipped national test sites.

**Benefits:**
- Narrow preparation **focus**
- **Shorter** test time
Superscoring complements ACT Section Retesting
ACT Superscoring

Superscoring allows students to send colleges a super composite score which utilizes highest individual section scores across multiple test attempts.

Benefits:

• **Best test results** when applying for admissions and scholarships.

• Highest battery **composite report included**.
From how far back will ACT compute a superscore?

• 5 years!

Student Score Sending Options & Data Shared with Colleges
Student Score Sending Options

• Online selections made in (new) myACT student portal

• Timing:
  • Before test during registration (4 free)
  • After test is completed (same price per college report)

• What's new? Two options.
  • Send score from single/specific ACT test date (full ACT tests only…not section retests)
  • Superscore report: Best scores from multiple ACT test attempts

Superscore report is only way for students to send section retest results
What are the Differences?
Understanding my options

Single Test Event Report
• Date provided about ACT scores earned on one test day
• This option only available for full ACT tests (must include all 4 sections)
• No ACT superscore calculated
ACT Superscore *  * The student did not select a superscore to report.

The ACT Superscore represents the best scores for this student across all attempts. ACT Research confirms this to be the most predictive of student success.

Single Test Event  Date: 4/2020  Type: Full  ** This test event did not include the optional writing test.

*** Scores on English, Reading and Writing are required to calculate the ELA score.

The single test event test summary below is shown when a student elects to send an institution an individual ACT test. This is the only option available for students who have taken the ACT only one time.

ACT Superscore Report

• ACT Data from up to five separate test dates
• Presents your best foot forward – for almost every college/university
  • Highest Composite: ACT full test resulting in the highest ACT Composite score
  • High Sections: Each ACT test (full or section retests) that resulted in the highest section scores in English, Reading, Math and Science
  • Calculated ACT Superscore (super composite)

Guidance: Ask Your College(s)

**ACT Superscore Report for schools that**

- Superscore the ACT
- Superscore the SAT (though always good to ask)
- Don’t yet superscore the ACT but, instead, use highest ACT Composite
  - This will generally hold true for schools that do not consider section retest scores

**Single Test Report for schools that**

- Specify a preference for single test event report instead of superscore report
- Expect summary details for every test attempt, and if some test attempts are not reflected in superscore report
- Schools that will not accept section retest and also require full summary of every test event
